

Dear board,

It is time again for registrations for the **ONCS 2024** that will take place this year in Nijmegen, organized by V.C.M.W. Sigma. This ascension day we will have another big sporty party. We as a committee are busy arranging everything. It's up to you to take care of the most important part of the event: the participants. Therefore this e-mail, so that you can start the promotion right away!

1. The ONCS will take place this year on **8, 9 and 10 May** in the **Radboud Sports Centre** in Nijmegen. The stay of two nights will cost €46. People who choose to come a day later, and because of this miss the drink the first evening and a night, are most welcome early in the morning on May 9th. For them, the costs will be €40.

2. We would like to open the registration on the **22<sup>th</sup> of February**. In the coming days you will receive another email from us with an excel sheet, providing you with the amount of people that can sign up from your association and the teams per sport. We would like to hear back from you with a filled in sign-up sheet **before the 12<sup>th</sup> of March**. Provide enough promotion and enthusiasm, then everyone will know that it's that time again! The promotional poster has been sent as an attachment to this email.

3. Participants register through their own association. A team captain will have to be chosen per association, who will be our contact person before and during the event. In this way we can keep an overview of the many registrations and the participants can approach a permanent person if they have questions. During the event, the team captain is responsible for the participants of his or her association, which means that we will be in close contact.

4. A participant can register in one team, in one sport. It differs per sport how many teams can participate per association and how many people the team may consist of. We will provide you with a registration list in the upcoming days. After we have received registrations, it will probably become apparent that there is room for an extra team in a number of sports. We will let you know as soon as possible. If you already know in advance not to use a number of teams or that you do need them? Please indicate that as soon as possible!

5. We also need some details from the participants. We would like to ask you to make sure that this is all filled in in the registration form as well.

6. We would like to receive the registrations and all data no later than **March 12<sup>th</sup>**. As mentioned above, we will then look at any room for additional teams and make the final changes. After **March 26<sup>th</sup>**, all registrations are final and you will receive an invoice. Deregistrations are then for your own account. Participants can still exchange, provided this is made known to us.

7. We will post information for participants on our site before and during the event. We also actively use our instagram page (@oncs.nijmegen) and regularly post posts and stories here. We would like to ask you to share stories from time to time. It would also be very nice if you would like to promote these pages among your members. Photos of the ONCS will also be posted on these channels afterwards.

8. The ONCS is in English in view of the international participants. If participants are going to participate in the games carousel who do not speak the Dutch language, we would like to hear from you. If you have any questions, please email us! We are already really looking forward to it, and we are sure that we will organise another fantastic event together with you this year!

Yours sincerely, on behalf of the committee,

Mira Daniëls  
Secretary  
ONCS 2024 - Nijmegen
